

Sample resume - Year 10 or earlier + work experience

(A Youth Central sample resume)

Use this sample resume as a basis for your own resume if:

- your highest level of study is Year 10 or earlier
- you have some formal (paid) work experience.

NOTE: DON'T SUBMIT YOUR RESUME AS A .PDF. Some recruitment software has trouble reading .pdfs. Because of this we recommend that you always submit your resume as a .doc, .docx or .rtf.

If your highest level of study is Year 10 or earlier, and you've had some formal (i.e., paid) work experience, you've already had a chance to develop some of the key skills that employers are looking for. The challenge, though, is selling yourself.

The types of jobs you'll probably be applying for will be very popular. There will be a large number of other candidates, which means your resume needs to effectively sell you and help you to stand out. This sample resume is designed to highlight the key information that shows you will make a good employee. It focuses on:

- a marketing statement that highlights your experience and capabilities
- key skills relevant to the job (and a demonstration of how you've used these skills)
- a list of personal attributes that make you a good employee and a willing team member
- achievements and contributions from previous jobs that highlight your experience working in a professional environment
- any student work placements, work experience or volunteer positions that demonstrate what you can bring to the organisation.

Other things you can put on your resume include:

- written testimonials or referee statements (these can be included in the Employment History section or with the contact details for your referees)
- any hobbies or interests that are relevant to the job or organisation
- any sporting or community club participation (if relevant to the job).

This sample resume is two pages long, but your resume may end up only being one page long. A one-page resume is more than acceptable when you're just starting out in the world of work.

If your resume ends up being three pages long, you're probably providing too much information - try cutting some things out and sticking to two pages maximum.
